## C. of C. Proposes One-way Alleys Feeding Main St.

The Antioch Village Board of Trustees is studying a Chamber of Commerce proposal that would make all of the alleys emptying onto Main Street one way with the exception of one.

The proposal was made Tuesday night by Joseph Beemsterboer representing the Antioch Chamber of Commerce.

Beemsterboer presented the trustees with a list of the alleys showing that all of them on the east side of Main Street would be one-way east bound.

All of the alleys on the west side of Main Street would be made westbound.

The only exception was an alley at 894 Main St., which would be two-ways.

Beemsterboer pointed out that the suggestion was being made because of the fact that school is out and the summer influx of visitors has begun.

He said the one-way alley system would reduce the possibility of accidents and remove the risk factor for drivers.

Mayor Raymond Toft told Beemsterboer that he was personally for the idea but that the alleys were private and cooperation would have to be received from the owners of the land.

He asked that the Chamber secure a letter from the merchants involved.

Beemsterboer pointed out that the accident rate in the alleys is low at the present time but that the Chamber felt it didn't want the record blemished.

He said that most of the mer-

chants had already been contacted and have agreed that it would be a good idea.

Toft appointed Trustees Robert C. Wilton and Richard H. Radke to work with the chamber in getting the proposal off the ground.

### PARKING LOT

Doug Olson then asked the mayor where the village stood on the parking lot at the rear of the business places on the east side of Main Street.

"We read an editorial recently in the newspaper (The Antioch News)," Olson pointed out, "and a number of merchants want to fix up the rear of their buildings."

"But it won't do any good if they are facing a mud hole."

Toft said the project had not been abandoned.

His sentiments were echoed by Trustee Vern Barnstable who said "We don't intend to drop it."

Toft told Olson that the village had run out of manpower and dirt for a while but that "we will get back to it."

### LAGOON BID

Trustees in other action awarded the shaping and finishing work on the sewer lagoon to Sobey of Antioch with a bid of \$16,492.

The work being contracted for will include all excavating and finishing work except for the fencing.

Three other bidders were Leo Fox, Antioch, \$23,766; Lakeland Construction, McHenry, \$26,635; and Lindahl Bros., Elk Grove Village, \$32,840.

About 12,000 square yards of fill for the lagoon has already

been removed at no cost to the village.

The digging and hauling was done by private contractors for a firm that wanted the fill for expansion purposes.

The Antioch sewer plant has been termed one of the better plants of the state by the State Sanitary Water Board.

### SIGNAL LIGHT

The trustees voted to hold over for further study bids on signal lights for Main and Lake Streets.

Two bids were received. They were Seeco Electric Service, Inc., of Milwaukee, \$9,632, and Rivano Electric Co., Waukegan, \$8,564.

The holdover came at the request of the trustees who said the village engineer did not prepare the specifications on the lights and the state engineer who did should get a chance to look over the bids to see if they conformed.

### ZONING CHANGES

The board in other action okayed one zoning change and held up action on two others.

All three of the requests had the approval of the Antioch Zoning Board of Appeals.

The change granted was to Mr. and Mrs. Joseph C. Horton for rezoning of the south end of property next to the Sinclair Station on Main Street for the construction of a car wash.

Held up were petitions by Osmond Enterprises, Inc., for rezoning of land for the expansion of Hillside Cemetery and of Calvin Harden to rezone property on Hillside Avenue for a five-apartment

building. The Osmond property holdover was requested because the firm still owes the village for a water line that was run into the property.

Toft pointed out that if the property were transferred to the Hillside Cemetery Association the prospects for the village to get its money would not be very good.

On the Harden property it was decided to hold it over until the next board meeting to determine if there is enough footage to take apartment zoning.

### NEW OFFICER

Trustee Arthur R. Meierdick asked for and received permission of the board to hire a new police officer.

He is Elmer R. Pelt, 28, of Spring Grove, who put in 3½ years on the West Chicago police force.

Barnstable informed the board that the village was going to lubricate, flush and repaint all of the water hydrants.

### COPYING MACHINE

The board in other action authorized the purchase of a new copying machine for the village hall at a cost of \$873. The price includes the table.

### YOUTH CENTER

The board also gave approval to the Antioch Junior Chamber of Commerce in its efforts to get a youth center going.

The Jaycees have yet to come up with a place to put the center. All of the board members agreed that the project was a

"terrific idea" and wished it every success.

### AARP SIGN-UP

The board also granted the American Association of Retired Persons permission to use the village hall from 1 p.m. to 4:30 p.m. on June 13 to register senior citizens for low-rent, high-rise apartments.

The AARP is trying to find out if there is enough interest in the area to go ahead with a proposed petition for such a structure.

### COMMITTEES

In final action Mayor Toft completed his committee assignments for the coming year.

The trustees are Vern Barnstable, Robert C. Wilton, Arthur R. Meierdick, J. Irving Walsh, Richard H. Radke and Richard O. Burnette.

Their committee assignments include:

License and licensing—Radke, Walsh, Meierdick; streets and lighting—Wilton, Radke, Barnstable; surface water—Burnette, Barnstable, Wilton; financing and audit—Radke, Barnstable, Walsh; purchasing—members of committees of departments; industrial development—Meierdick, Walsh, Burnette; insurance—Walsh, Wilton, Burnette.

Sidewalks—Barnstable, Meierdick, Burnette, Barnstable; sewer and water—Barnstable, Meierdick, Radke; public buildings and grounds—Walsh, Radke, Wilton; police department—Meierdick, Radke, Wilton; fire department—Wilton, Burnette, Walsh; civil defense—Burnette, Wilton, Walsh.

## Mental Health Ok Needed For Care

Two of Antioch's most avid supporters of the Mental Health Referendum on June 11 are William Brook, president of the State Bank of Antioch and Mrs. Edmund Vos, a long time resident of Antioch and active in the work of the Lake County Health Association.

"There is a great need to raise local funds for expansion and improvement of urgently needed services for the mentally ill and retarded in Lake County," said Mrs. Vos.

"Immediate access to an array of services can prevent or substantially reduce long term stays in state hospitals and schools for many Lake County residents."

Mrs. Vos continued: "Instead of providing trouble people only art of the help they need, mental health and mental retardation facilities will be offering full services and continuity of care."

"This means residential treatment as well as emergency care, day care and consultation—education. Lake County citizens will be offered assistance with all kinds of problems from the very minor to the most serious. Lake County needs this kind of full service program."

Brook remarked: "It is estimated that more than 30,000 Lake County residents will be in need of mental health and mental retardation services, yet present resources are only able to offer service to 3 per cent of this number."

"More than 70 per cent of them are children, making the need for full services even more critical. Three hundred Lake County citizens are now in state institutions."

Brook continued: "The 7 cents for every \$100 of assessed valuation, requested in the ballot, would mean not more than \$7.00 per year for every \$10,000 of assessed valuation."

"Who would be helped by the referendum? Why, people with problems—anyone needing help for emotional or mental disability in communities throughout the county."

"A child or adolescent, unable to adjust, the pressure of school or home, the family torn apart by parental friction; the person with a drinking problem, most of them could be helped if this referendum is passed."

"For the retarded youngster, it will mean new pathways for

maximum growth and development. For many it will mean staying in the community with their families and be able to participate in the economy instead of being patients in state institutions."

"I sincerely hope that the people of Lake County will realize the importance of voting yes on this ballot on June 11."

\*\*\*

## Committee Opposed

The health committee of the Lake County Board of Supervisors, at least a majority of its members, believe that the mental health program should be under the Lake County Health Department.

The committee points out that to create another unit of government would only add unnecessarily to the cost of government and also would make it difficult to achieve unification of health function.

## Four From Antioch Indicted By Jury

Four Antioch men were among those indicted Monday by the Lake County Grand Jury.

Thomas Hucker, 23, of Lake Street, Antioch, was indicted on a charge of burglary in the May 7 entry of Lorenz's Smart Country House.

Hucker was caught by police on the grounds outside of the restaurant.

His bond was set at \$5,000 by Lake County Chief Circuit Judge LaVerne Dixon.

Gale Turner, 25, Robert Koppa, 21, and William Radke, 20, all of Rte. 3, Antioch, were indicted in the Feb. 10, burglary of a Channel Lake service station.

Judge Dixon set bonds at \$5,000 on all three of the men.

The grand jury also indicted two persons for murder, one for attempted murder, two for possession of narcotics, two for armed robbery and one other for burglary.

Named in the murder indictments were Martha Smith, 27, of 816 13th St., North Chicago in the April 26 stabbing of a North Chicago man, and Mrs. Bernice Kelsie, 39, of 1299 Knollwood Circle, Lake Forest, named in the shooting of a Glenview man on Jan. 31.

The other burglary charge was

against Juanita Brown, 29, of 650 Clinton St., Waukegan for the burglary of a business place at 668 Western Ave., Lake Forest.

The two named for possession of narcotics included Timothy Kos, 18, of Kenosha, and Freddie L.

Johnson, 22, of 2509 Jones Drive, Waukegan.

Named in the attempted murder indictment was Dudley R. Banks, 24, of Great Lakes, in the beating with a tire iron of Thomas Wilcox, also a sailor stationed at Great Lakes.

In cooperation with the Mrs. America pageant, the Treasury Department selects a Mrs. U. S. Savings Bond. Mrs. Maras will be interviewed next Monday by the Treasury Department.

## Antioch Woman Finalist

Mrs. Angela Maras of Antioch, has been selected as one of the five finalists in the Mrs. Illinois contest.

Mrs. Maras received the following letter from the Mrs. America panel:

"You have been selected by the Mrs. America Judging panel as one of the five finalists in your state."

"There were a substantial number of entries so you may feel very proud."

"The selection was made on the basis of content, clarity and presentation of your questionnaire."

If fortunate enough to be Mrs. Illinois, Mrs. Maras will go on to the national pageant on Aug. 14-23, and would receive an all expense trip to Minneapolis for herself and husband for this national pageant.

In cooperation with the Mrs. America pageant, the Treasury Department selects a Mrs. U. S. Savings Bond. Mrs. Maras will be interviewed next Monday by the Treasury Department.

## Summer Vacation Plans Vary For Fourth and Fifth Graders

Swimming, fishing and picnicking seem to be the summer activities that most of the Oakland School fourth and fifth graders will indulge in.

When asked, "What are you going to do this summer?" the replies were varied and ranged from traveling, being hippies, just staying home enjoying swimming and picnics—and going camping. Here are some of the replies from the classes of Mr. Eisen, Mr. Willrett, Mr. Shea and Mrs. Sheldon.

**Your Congressman  
Reports....**  
By Cong. Robert McClory

An interesting seminar held recently in Washington under the sponsorship of the House Republican Committee on Planning and Research was devoted to the subject of "Foreign Aid and Economic Development." The participants included eminent scholars and governmental officials from the United States and other nations—including Professor Gunnar Myrdal of Sweden—internationally renowned authority on the subject of the less developed countries of the world. It would be a difficult to reach specific conclusions on the basis of the illuminating and challenging presentations. On the other hand, all who participated offered expert opinions for improving "foreign aid."

While the plight of most of the less developed nations appears to be more critical today than when foreign aid was undertaken initially more than 20 years ago, there are many encouraging examples of progress. The improvements which have taken place in Taiwan, South Korea, Thailand, and Pakistan seem to demonstrate that foreign aid can contribute substantially to a country's development. On the other hand, the principal reason for success in these countries appears to lie within the countries themselves.

Taiwan experienced a miraculous development of industry when the old rural landlords became the new industrial leaders. Freedom from restraints and encouragement of private enterprise also brought salutary results in South Korea and in Thailand.

One of the seminar participants Professor Gustav Ranis of Yale University, emphasized that the key element in the internal development of a nation is the existence of "entrepreneurs." Such entrepreneurs or business leaders, who understand private enterprise, can apply its principles in a nation's development.

There is an obvious need of capital for improved machinery and equipment and the adoption of new methods and systems for increasing production and reducing overhead. The marketing of goods and other such practices associated with private enterprise appear also to be essential elements in the emergence of the less developed countries of the world.

India and Pakistan are prime examples of what can occur when modern agricultural techniques are applied and the value of fertilizer is recognized. It will be recalled that a little over a year ago, India was on the verge of mass starvation. But food production increased by almost 15% in a single year and the danger of starvation in India was removed.

Today many nations, including the Soviet Union, Germany, and Japan, are participating in foreign aid programs through direct grants and loans. Various international organizations such as the Asian Development Bank, the Inter-American Development Bank, and other such agencies administer large amounts of capital which are invested in the less developed countries.

The old policy of providing foreign aid in the form of welfare for the most part has been abandoned. Instead, foreign aid is considered today mainly as an investment and as a stimulus to individual effort.

However, most of the nations of Africa and South America appear to have benefited very little, if at all, from foreign aid programs. Some of those governments are so notoriously corrupt and so replete with bureaucratic controls and regulations that private investors are reluctant to risk their capital. Many government officials have become rich while the plight of their impoverished citizens has become even more precarious.

The "experts" seem to agree that whenever possible foreign aid funds should be administered through private enterprise leaders within the less developed nations.

## Courthouse Notebook

By Lou Durkin

The old order does indeed change. Who would ever expect Bob Elson, the venerable voice of the Chicago White Sox, to be pulling for the New York Yankees to knock off the Detroit Tigers?

This is apparently an indication of the low state to which the once lordly Yankees have fallen.

Of course the Yankees are still ahead of the White Sox, a familiar alignment, but at least the New Yorkers are no longer the Bronx Bombers and there is reason to hope that perhaps the Sox can overtake them before many more weeks of the season pass.

Not so unchanging is the belief among the young people of draft age that political or economic clout can keep a fellow out of service.

While columnists, editorial writers and commentators wring their hands and voices over the antics of a comparatively small group of draft card burners and anti-draft demonstrators, the potential draftees are more concerned with the apparent inequities in the Selective Service System.

The group we discussed this with recently were decidedly more sympathetic toward the card-burners than they were towards those who were able to avoid the draft through influence.

As one young man living under the shadow of the draft put it, "At least the draft card burners and the demonstrators are doing it on their own and not depending on their fathers' pull with some public official to keep them out of the draft or to get them into a reserve or National Guard unit that is supposed to be filled up."

The cynicism of the young men seems to be well-taken when you consider that many of the most bitter critics of the "hippies and draft card burners" are the men who exert the greatest efforts in using clout to keep their sons or the sons of friends out of service.

Has ever a candidate for office been in a stranger position than that in which former Gov. William G. Stratton finds himself at this stage of the primary campaign?—Despite avowals on many sides that he is the best-qualified of the aspirants for the Republican nomination and despite repeated assessments that he is "One of the finest governors Illinois ever had," the pundits insist on saying "But he can't win."

They say he apparently isn't in the race to win despite a campaign which has taken him into every county in the state during which he has personally driven more than 17,000 miles.

They point to the "Hodge Sean"

dal" which occurred during his administration, apparently forgetting that Orville Hodge was not a Stratton appointee, but a duly elected official, who was tried and convicted.

Also forgotten is the fact that all the embezzled funds were recovered and legislation adopted that provides better control of state funds.

Stratton's troubles with the Federal government on an income tax allegation are cited as marks against him despite the fact that he was acquitted in court, although Uncle Sugar went through his records and his accounts meticulously.

Forgotten, too, are the legions of friends and admirers he acquired during 17 previous statewide campaigns and his years of service to the state as Congressman-at-Large, State Treasurer, and Governor.

Stratton's campaign has obviously been less well-staffed and less well-financed than those of his principal opponents, but don't sell short the intelligence or memory of the electorate.

The average voter is more concerned with good government than he is with patronage jobs, a position not always held by the would-be kingmakers who support a candidate less out of conviction than hope of reward.

Progress and prosperity reap widespread benefits and set off a chain reaction which appears to permeate the entire national fabric.

The problem persists that too few nations have been affected by the private enterprise drive. It is hoped that efforts in the years ahead will produce more encouraging results.

Michael R. Borin, 17, of Rte. 1, and his two companions Jesse Rodriguez, 14, and Richard Hartwig, 16, of Spring Grove, were injured Monday when their car left the road and hit a tree on Grass Lake Road, just east of the Grass Lake bridge in Antioch Township.

Borin told deputy sheriffs he was going east on Grass Lake Road, when a car, traveling west in Borin's lane, forced him to go into a ditch where he lost control of the car.

The investigation showed that Borin's car was in a curve when he lost control and traveled 200 feet on the shoulder of the road. The Antioch Rescue Squad gave immediate first aid to the boys and took them to the Antioch Clinic where they were treated.

People come in three classes: the few who make things happen, the many who watch things happen, and the overwhelming majority who have no idea what is happening.

## Endorsements

We have already made known our choices for governor and state's attorney, selecting John Henry Altorfer and Jack Hoogasian, respectively.

We now make known our endorsements in other contested races in next Tuesday's primary election.

For Secretary of State we select State Sen. Donald D. Carpentier; for Auditor of Public Accounts State Sen. William C. Harris; and for Attorney General, former treasurer William J. Scott.

In the race for delegates to the Republican National Convention we select Irl H. Marshall of Highland Park and Bernard V. Narusis, of Cary.

For alternate delegates to the Republican Convention we will go with a local man, Thomas Steiskal, of Antioch, and Robert Will, Jr., of Zion.

All of the delegate and alternate delegate candidates we have selected give the slate a geographical advantage.

Governor Samuel H. Shapiro (right) and Marvin Chandler, chairman and president of Northern Illinois Gas Company, cut a special birthday cake at a luncheon celebrating Illinois' Sesquicentennial. NI-Gas sponsored the luncheon for over 300 business, education and political leaders where it officially introduced the Heirloom Cookbook. This 82-page, four-color publication, produced by NI-Gas as its contribution to the events and periodicals marking "150 Years of the Good Life in Illinois", combines historical information with recipes. It is the official cookbook for the Sesquicentennial.

## 2 Girls Get Scholarships

The annual dinner meeting of the parents and friends of Deaf Children of Lake and McHenry Counties was held recently at Holiday Park.

Elected to the new board of directors for two year terms were: Mr. and Mrs. Ed Machak of Waukegan, president and vice-president; Stanley Kwiecinski, Gurnee, secretary and Mr. and Mrs. Charles Hall of Mundelein, treasurer and assistant treasurer.

Gayle Cavalier of Libertyville was awarded a scholarship from the organization as the first graduate of the Lake-McHenry Co. program for the deaf and hard-of-hearing. Gayle will enter Gallaudet College, Washington, D. C., next fall.

Linda Jenkins of Gurnee also received a scholarship. She is completing her junior year in deaf education at Illinois State University.

The scholarship fund was designed to help both students of the program with higher education and future teachers of the deaf and hard-of-hearing. The Scholarship fund now stands at \$1,025.90 and the association's candy sale, currently in progress, will net an additional \$1,000.00 to the treasury.

L. D. Vuilleumot, Lake County Director of Special Education, introduced three new teachers to the membership: Miss Anita Stoll, Miss Jean O'Rourke and Miss Pam Nelson, all seniors at Illinois State University. Plans for the fall of 1968 call for ten to twelve programs for the deaf and hard-of-hearing of both counties.

Members of the new and old boards of directors will attend the "State Lay for Parents of Deaf Children" in Chicago on Saturday, June 8 at the LaSalle Hotel.

## Canvas Toppers Make Float For Coming Convention

Camping families of the Canvas Toppers Chapter of the National Camper and Hikers Association have been busy this past month building a float in the form of a Conestoga Wagon to be taken to DuQuoin, Illinois, for the parade the National Convention, the week of July 15-18. The float will be completed for picture taking July 4th at the Griffin's residence in Newport township.

The next scheduled campout of the Canvas Toppers is June 8-9 at Illini State Park.

crowded and inadequate for the large number of cars. "Prices seemed reasonable on merchandise. A turtle neck sweater that I might pay \$15 for in the States sold for \$4.00 in Japan."

"The Japanese continue to seed their own oyster beds and harvest pearls. Women carry on this job mainly. Cultured pearls can be purchased for as little as \$4.00 each."

Mike received his honorable discharge from the Army and plans to return to work at Warwick Electronics in Zion, Ill.

Garnet Oddsen  
G. Oddsen  
A PM&L Gem

(By Shirley Jensen)

There are dozens of things to be done when working with an amateur theatrical group like Antioch's Palette, Masque & Lyre, and Garnet Oddsen has done practically all of them.

Garnet can always be counted on to do a great job whether she is emoting on the stage, in charge of tickets, sewing on costumes, helping clean the theatre, etc. She has been secretary of P.M.&L. Inc., for several years.

Garnet started working with Palette, Masque & Lyre in the chorus of "All for One" and was the operator in "Sorry Wrong Number" back in the days before P.M.&L. had the Little Theatre on Main Street. Perhaps you'll remember her as Ruth in "My Sister Eileen", which was one of the earlier shows produced at the theatre.

Mrs. Oddsen received a Mr. Thespie Award for her convincing portrayal of Mrs. Cliveden-Banks in "Outward Bound" in 1964. Other plays to her credit are "The Elves and the Shoemaker" and "The Remarkable Mr. Pennypacker." In "Heidi" Garnet's three lovely children, Lu Ann, Chris and Kathy could hardly believe that the Sessaman's mean old housekeeper Fraulein Rottenmeier was their beloved mom.

These are busy days for Garnet Oddsen. When she isn't working as a matron and dispatcher for the Antioch Police Department, which she has been for the past 3½ years, she is usually at the theatre rehearsing for P.M.&L.'s next production "Never Too Late," to be produced the last two weekends in June. Garnet plays the part of Grace Kimbrough, and it's Grace's headed advice to her friend Lambert to "live a little" that causes some hilarious changes in the Lambert household.

After "Never Too Late," Garnet will start working as production manager for the musical "Kiss Me Kate" which will be presented July 26, 27, 28 and August 2, 3, and 4.

It is no wonder that Garnet Oddsen is one of the mainstays of Palette, Masque and Lyre.

## Need Volunteers At Grove School

The Grove School in Lake Forest is taking final application for summer volunteer work. Bus service will be provided for any full time volunteers (every day) need-riding. Those interested should call the school—234-5540.

The school's Orientation Session for all volunteers will be June 15, from 9:00 to 11:00 a.m., in the middle building on campus. The summer session starts June 17 and ends August 7. The schedule is 9:00 a.m. to 2:00 p.m., Monday through Friday, July 4th and 5th will be holidays.

One thing worse than being in a rut is being on the road to nowhere.

## Curtis Wennerdahl Joins Co. Mental Health Staff

The employment of Curtis L. Wennerdahl, as a psychiatric social worker, effective June 1, has been announced by G. J. Popovich, executive director, Lake County Mental Health Center, 201 Liberty St., Waukegan.

Wennerdahl received his master's degree in social work from the University of Illinois. His undergraduate work was done at Rockford College.

"This addition to our professional staff will help us realize our goal of greatly increased branch services in west Lake County," said Popovich.

The Center presently offers services on a one day a week basis in Antioch and in Libertyville. The Antioch office is located at 374 Lake St., above the Thrift Shop organized and operated by the Antioch Auxiliary of the Lake County Mental Health Society.

"The interest and support of the Antioch Auxiliary, and the generosity of Mrs. William Schroeder of Evanston in making space available for both the Thrift Shop and the Antioch branch office, made the extension of mental health services to Antioch possible last August," Popovich said.

A similar extension of services

to Libertyville began last January. The branch office in the new wing of Condell Memorial Hospital is currently shared with Youth and Family Counseling of Libertyville-Mundelein.

Both branches have been served by Mrs. Eleanor Byrd, who joined the Center staff in February, 1967. Mrs. Byrd holds her B.A. degree from the University of Toronto and her master's degree in social work from the University of British Columbia. She came to the Lake County Mental Health Center with previous experience in a variety of agencies, including Lutheran Social Service, Chicago; Central Baptist Children's Home, Lake Villa, and the Illinois Department of Child Welfare.

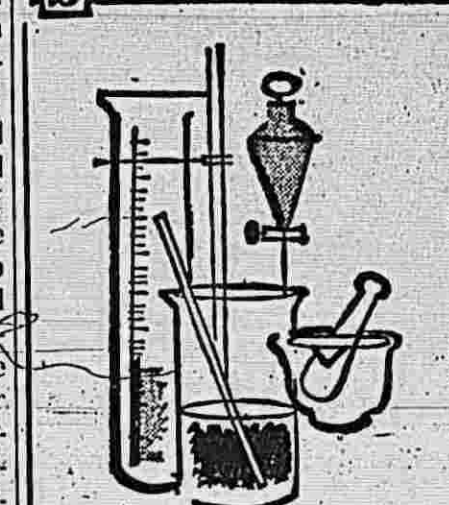

Before long, each branch will have the part-time services of a psychiatric social worker," Popovich said, "and a third branch office in central west Lake County is in the planning stage. A successful referendum on June 11 will greatly speed our implementation of these plans."

The referendum referred to is the proposition to establish a county mental health fund for mental health and mental retardation services and facilities. Voters will be

asked to approve a .07% maximum tax rate when they cast their ballots in the primary election on Tuesday, June 11.

## Symbol of Better Health

## Rx Stands For Prescriptions

There are many theories regarding the origin of the symbol, "Rx". . . one claims that it is an abbreviation of the Latin word "recipe." Whatever its origin, the "Rx" today symbolizes the prescriptions that help us attain better health, longer life.

## MOOSE TOPICS

By Lillian Birdsall

The membership campaign for the Loyal Order of Antioch, which was started by Warren Andre a year ago, is just about completed. With just the month of June remaining for a class enrollment, he lacks only 9 more members to fulfill the membership campaign and his drive for 200 members. Brother Andre's project has been a most successful one and every member that had a part in the sponsoring of candidates will be rewarded following next month's class which will be the last one.

Enrolled as new members on Wednesday evening, May 22, were: Francis E. Burke, sponsored by Ed Kurtz; Victor Obenauf, sponsored by Art Lovelace; Ronald Serwa, by Art Rakovich; Harold Teague, by H. W. Brown; Henry Koonce, by secretary Arthur Andersen; James P. Howell by Thomas Lovelace, and Dennis Stolarik, sponsored by George Brink.

The Antioch Ritual team performed the enrollment ceremony and all members were served a dinner prepared by Mike Phillips following the meeting. The next enrollment for new members will take place on Sunday afternoon, June 23rd, at 3 p.m.

Lester Sperling, new chairman for the membership committee has been making plans for the future, which will be announced at a later date.

Mayor Sabonjian of Waukegan, Nick Arnold, regional director from Moschert and Frenchie Dionne, governor of the Waukegan Moose performed the ground breaking ceremony for the new Moose Home of the Waukegan Lodge Saturday, afternoon, May 22. Many of the Moose members from the various lodges were present to witness the occasion. Those present from the Antioch Moose were Governor Scotty Birdsall and Mrs. Birdsall, North Moose Gene Hemmer and Mrs. Hemmer. A dinner was served in honor of the occasion at the Waukegan Moose Home later in the evening.

The present thought for most Moose members is the 80th International Convention of the Loyal Order which will be held in Chicago at the Conrad Hilton Hotel, starting on June 16 and ending on June 20. To all members who plan to attend this convention, they are urged to make their reservations well in advance to assure themselves the desired space. Each year that the convention has been held in Chicago the attendance has been overwhelming.

By Sally Whitney

The election of officers for the Women of the Moose was held May 16 with 62 co-workers turning out to vote. The new officers are: Shirley Gehris as Senior Regent, Catherine Kloth as Jr. Regent, Bernice Rosquist as Chaplain, Recorder for her second term Rose Roth, and Treasurer Pat Sperling. Jerri Polson will serve as Jr. Graduate Regent.

The appointed officers are: Guide, Barbara Seelhoff; Assistant guide, Camella Kohl; Sentinel Bea Phillips; Argus, Rosemarie Hadley and Collegian Gladys Schroeder will be pianist again this term. Installation of new officers will be June 22. Congratulations and good luck to all.

The following co-workers have been placed on their respective committees: Joanne Gardo on Homemaking; Fran Boxley on Mooseheart; Ethel Moore, Pat Tranberg, Hilde McGreeby and Lois Hansen on Child Care.

The Honorary Dinner was held May 23 with 66 co-workers enjoying a delicious beef dinner prepared and served by the Loyal Order. All co-workers who sponsored two or more candidates were honored. Jr. Graduate Regent Lillian Birdsall was crowned Queen of Sponsors for bringing in 100 new members. We all were happy to see Hallie Bowen at the dinner. Hallie has been ill and confined to her home the past winter.

Following the dinner the Star Recorder Committee held a bag party. You should have seen all the bags. Paper ones that is! The Las Vegas party held by the Hospital and Publicity committees Saturday night, May 19, was an evening of fun for more than 100 persons. There were lots of games, dancing to the Rhythm Kings, refreshments and a lively auction to end the evening.

The Academy of Friendship will welcome two new members, Doris Bjorn and Evelyn Russell, at their Ring ceremony on June 6th.

Mr. and Mrs. Robert Hansen

## Robert Hansen Weds Nancy L. Gurkowski

Miss Nancy L. Gurkowski, daughter of Mr. and Mrs. Chester Gurkowski of Berlin, Wisconsin, became the bride of Robert Alan Hansen, son of Mr. and Mrs. Robert H. Hansen, of Rt. 4, Antioch on Saturday, May 25 at 12 noon. The wedding took place at St. Stanislaus Catholic Church, Berlin, Wis., Father Dale Elm officiating.

The bride, given in marriage by her father, wore a gown of peau de soie and a train accented with pearls, with a bouffant skirt of peau de soie with attached chapel train flowing from the back of the waistline. She carried a bouquet of red roses, gardenias and stephanotis. Her bouffant silk illusion veil was held in place by a double tier of lace, outlined in pearls.

Mrs. Terrance Beuthling of Beloit, was matron of honor. She wore a floor length aqua chiffon sleeveless sheath, with a scoop neckline. She carried a bouquet of yellow daisies and white pompons.

Mrs. Thomas Gurkowski, of Spokane, Wash., sister-in-law of the bride, was a bridesmaid along with Miss Julianne Herber, of Milwaukee; Miss Linda Hodge and Miss Mary Jo Hodge of Berlin, Wis. They wore aqua gowns, and carried daisies and pompons.

Sheena Gurkowski, of Spokane, Wash., a niece of the bride, was the flower girl. She carried a white basket of daisies and omens.

Earl Higgins, of Kenosha, was best man and ushers were William Hansen, brother of the groom, Robert Gundlach and Milt Bailey of Madison. Groomsman were Tom Gurkowski of Spokane, brother of the bride, Dan Yates of Milton Junction, Wis., and Tom Birkehead of Newport, Rhode Island.

The bride's mother wore a pale pink sheath dress with matching coat, with a corsage of deep pink roses outlined with white roses.

The groom's mother wore a pale green brocade dress with matching coat and accessories, and wore a corsage of pink roses.

A reception followed at the Berlin Eagles Club from 1 to 5 p.m. with dancing in the evening.

The couple went on a honeymoon trip to Bermuda via New York

## Kenosha Fair Talent Blanks Are Available

Application blanks are now available for persons between the ages of 10 and 18 to compete in the Talent Contest at the Kenosha County Fair, Wilmot, on Thursday, August 8th.

Again as last year, according to Talent Contest Chairman Terry Havel, three divisions are open to contestants: instrumental music, vocal music, and a miscellaneous category to include dancing, magic acts, baton twirling and the like.

Prizes will be awarded to the top four winners in each category (if there are enough contestants in each category).

There is no charge to enter the contest and groups may enter as a single entry if they wish. The only requirement is that entries be of amateur standing and are not members of any professional performing union.

Application blanks and additional information may be obtained by writing the Kenosha County Fair Talent Contest, Wilmot, Wisconsin.

Kathleen is a graduate of Antioch Community High School and attended Northern Illinois University. David is also a graduate of Antioch Community High School and attended the University of Illinois and is employed with the International Minerals Chemical Company at Mundelein.

## Jensen Feted At Farewell Party

Saturday, June 1, was a big day in the life of Ernest Jensen, 81 year old blind resident of Felter's Subdivision as neighbors and friends gathered to say farewell as he left with Pastor Fosmark and other men of the Antioch Free Church for his new home at Fairhaven Christian Home in Rockford, Illinois.

Mr. Jensen had searched for many months for a home that would accept a blind resident and had almost given up hope when he heard of a new home opening in April under the sponsorship of the Evangelical Free Church.

He applied to the home and was accepted upon the sale of his modest home in Felter's. His home was sold last month through the work of Nelson's Real Estate, Ted Larson, Attorney, Bill Brook of the State Bank, and Pastor Fosmark.

Jensen was born in Denmark in 1882 and came to America at age 5. He was a printer by trade and moved to the Antioch area 17 years ago. About six years ago he lost his sight, but through luck and courage cared for himself, did his own cooking and cleaning, taught himself to read Braille and operate a Braille typewriter. His good neighbors helped him with shopping and transportation.

Mr. Jensen's new address is: Fairhaven Christian Home, Room 319, 3470 N. Alpine, Rockford, Ill. 61111.

## PM&L Theater 'Stork Night' Set June 28

Since Palette, Masque & Lyre's next production "Never Too Late" is a truly funny story that evolves around a late visit from the stork, Friday, June 28 will be "Stork Night" at the PM&L Theatre on Antioch's Main Street.

Ladies expecting a visit from Mr. Stork will be admitted in free when accompanied by a paid-ticket escort.

"Never Too Late" was written by Sumner Arthur Long and will be directed by Al Ramsay. This delightful comedy will star Betty Beveroth as Edith Lambert, Al Ramsay as Harry Lambert, Penny Rayunas as Kate Lambert Clinton and Gary Richter as Charlie Clinton, supported by Garnett Oddsen as Grace Kimbrough, Bob Thomley as Dr. James Kimbrough, Bob Lindblad as Mayor Crane, Hank Apostol as Mr. Foley and Vern Cook as the Policeman.

Tickets for June 21, 22, 28 or 29 will be available at the PM&L Theatre box office in June. Make your reservations early by calling 395-9539.

## CHRISTIAN SCIENCE CHURCHES

God the Only Cause and Creator" is the subject of the Lesson-Sermon to be read in all Christian Science churches this Sunday.

The service at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, begins at 11 a.m., and is open to the public.

The Golden Text, which states the theme of the Lesson, is from Isaiah: "Lord, thou wilt ordain peace for us: for thou also has wrought all our works in us."

Also included are selections from the denominational textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy. Among these is the following: "It should be thoroughly understood that all men have one Mind, one God and Father, One Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

Summertime means vacation time to hundreds of thousands of Illinois motorists. What a number of these drivers fail to realize is that they would enjoy themselves much more if they thoroughly planned their vacations in advance.

Unnecessary driving can easily be avoided if the trip is well organized. You will not only have a better trip, but you will enjoy your vacation for many weeks even before you ever drive a mile by planning with the person or persons with whom you intend to travel.

When making plans make sure you do not attempt to drive so many miles in a day that the afternoon and evening finds the driver exhausted and incapable of safe driving.

The formula for a safe trip doesn't cost a thing. Plan your journey ahead of time. Allow plenty of time for leisurely driving. Stay alert every minute you are on the road. Read the rules of the road and the dictates of common sense and courtesy.

For a copy of the new Rules of the Road booklet, write to Paul Powell, Secretary of State, Springfield, Illinois 62706.

## Cure Toothaches Before They Start

In bygone days, some people believed that kissing a donkey would cure a toothache. Others believed that a spring of parsley hung around the neck would prevent a toothache. While modern dentistry has dispelled odd superstitions, there are still misconceptions about dental health.

During the week of Feb. 4 through 10, the nation will observe the 20th anniversary of National Children's Dental Health Week. Its purpose is to provide sound dental health information to children and parents, and to remove misconceptions about dental health.

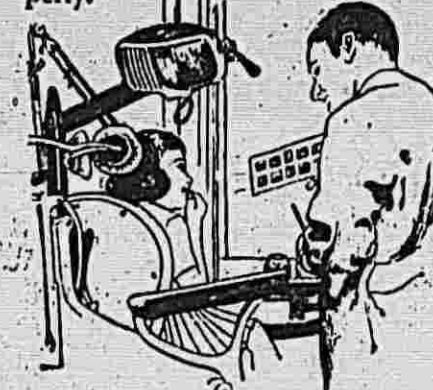

Today, people don't go around kissing donkeys, but some still believe that dental caries (decay)—the cause of a toothache—can be cured. It can't. Dental decay can be removed from a tooth and the tooth filled. And, with proper care—by cleaning the teeth after meals and by cutting down on sweets—the decay possibly won't recur.

Decay can be prevented—not by parsley, but by fluoridation. Countless studies of children in fluoridated communities have proved that fluoride in the water prevents decay by about 65 per cent. And, if fluoride is not in the water, the dentist can either paint a child's teeth with a fluoride substance, or he can prescribe dietary fluorides. The American Dental Association says some fluoride toothpastes are recognized as effective in decay-prevention.

Here are some important facts about dental health:

—Baby (primary) teeth are important. They save the proper eruption space for permanent teeth and are necessary for chewing, speech and appearance.

—Milk does not prevent decay. It helps the teeth form properly.

—Sweets are a causative factor in decay and their consumption should be limited, probably to meal times.

—A great proportion of children have some type of gum disease. If untreated, the disorders will become more serious as the child grows. Gum disease is the greatest cause of adult tooth loss.

—Destroyed tooth enamel cannot be repaired. If a tooth stops aching, this means the pulp has been infected—an indication of real trouble.

Very few people are "immune" to dental decay. Approximately 99 per cent of the population suffers from caries. But regular toothbrushing, fluoridation and routine dental care will greatly reduce decay.

## Rescue Squad Calls

Lillian Plack of Oakwood Knolls was taken to Victory Memorial Hospital on May 31.

Sylvester Palecki of Channel Lake was taken to Victory Memorial Hospital on June 2.

## MOIST DROP COOKY ALWAYS RATES HIGH IN TEXTURE APPEAL

Dates and brown sugar contribute flavor interest as well as moistness to drop cookies. The use of lard as the fat gives them shortness and good eating quality, says Reba Slaggs, home economist.

This is an easy cooky to mix since it uses the conventional method of creaming lard and sugar, then blending in remaining ingredients. When cinnamon and cloves are sifted with part of the flour, even flavoring is assured.

**Date-Nut Drops**  
1½ cups sifted enriched flour  
¾ teaspoon baking powder  
½ teaspoon soda  
½ teaspoon salt  
1 teaspoon cinnamon  
½ teaspoon ground cloves  
¾ pound pitted dates, chopped (about ½ cup)  
½ cup chopped walnuts  
½ cup lard  
1 cup brown sugar  
¼ cup milk  
1 egg

Sift together 1½ cups flour, baking powder, soda, salt, cinnamon and cloves. Mix remaining ¼ cup flour with chopped dates and nuts. Cream lard with brown sugar until light and fluffy. Add egg and mix well. Add sifted dry ingredients alternately with milk to creamed mixture. Stir in flour dates and nuts. Drop by teaspoonfuls on greased cookie sheets. Bake in moderate oven (375° F.) 10 to 15 minutes. Yield: 3 dozen cookies.

Warren Behr

## Warren Behr Awarded New Degree

Warren C. Behr, GOP candidate for state's attorney in the June 11 primary election, has received a Juris Doctor degree from the University of Illinois.

The degree was presented at an annual meeting of the Law Alumni at the Champaign-Urbana campus.

Behr was awarded a law degree from the University of Illinois College of Law in 1949. He received a political science degree from the university in 1947.

The degree was presented by Timothy W. Swain, '33, president of the board of trustees.

Behr was accompanied by his wife, Ruth. One of their eight children, William, is a sophomore at the University.

Behr, who lives in Waukegan, is on the state's attorney's staff and is town clerk for Waukegan Township.

## U. of I. Honors James Berke

James Berke of Orchard St., Antioch, was honored recently by the University of Illinois College of Dentistry of the Medical Center Campus at Cherry Hills Country Club, Flossmoor, Illinois.

Berke was voted membership in Omicron Kappa Upsilon fraternity. Only students whose grade averages are in the highest 20% of each year's graduating class of the College of Dentistry are considered for membership. Twelve per cent are selected.

Berke also received the Comprehensive Patient Care Program Award which is given to students who have successfully completed an approved treatment in a comprehensive dental care program.

Berke is the son of Dr. and Mrs. A. N. Berke of Antioch.

## Glen Bocox Wins Award

Glen Bocox, valedictorian of the graduating class at Antioch High School, has been given the Annual Award of the Reader's Digest for students who by their successful school work give promise of attaining leadership in the community. It was announced today by Albert L. Dittman, Superintendent.

Mr. Bocox will receive an honorary one-year subscription to The Reader's Digest in any one of the 13 language-editions which he chooses, and a personal certificate from the Editors "in recognition of past accomplishments and in anticipation of unusual achievement to come."

The Reader's Digest Association is presenting these awards in senior high schools throughout the United States to the highest honor student of the graduating class.

The award to Mr. Bocox, who is the son of Mr. and Mrs. Paul E. Bocox of Lake Villa, was made possible through the cooperation of Mr. Dittman and his teaching staff. They selected Mr. Bocox to receive the award, designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

He is a building contractor in Venice, Florida—is married and has two children, a son Don, 18, and a daughter Karen, 13.

## Antioch GOP Club Endorses Steiskal

The Antioch Township Republican Club in special action at their May 22nd meeting at the Fiddler's Green, Grass Lake, voted a favorite son endorsement for Thomas Steiskal, Antioch, who is a candidate for alternate delegate to the national Republican convention.

Steiskal, a life-long resident of Grass Lake, is running for alternate delegate on the Republican ticket in the Lake-McHenry County area, and including Hanover and Barrington Townships in Cook.

In a statement to the ATRC members, Steiskal emphasized that he is for Nixon now—he is for Nixon at the convention—and he will stay with Nixon until he is nominated, which he expects to occur on the first ballot.

On the distaff side, the Ladies Auxiliary of the Antioch Township Republican Club will hold a card party on Wednesday, July 10th at Lorenz's Smart Country House. Louise Murrie was appointed chairman in charge of the party.

## The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

## BUYERS MUST WAIT 72 HRS. BEFORE OBTAINING GUNS

You can buy a gun today, but you cannot take possession of it for 72 hours. Under one of Illinois' new gun laws, the seller must withhold delivery for the 72 hour waiting period.

The law is designed to discourage the impulse purchase—and use of guns. In this way, according to the Illinois State Bar Association, the lawmakers hope to prevent crimes of passion and such crimes as suicide and those resulting from mental depression.

Categories of persons who may not purchase guns under any circumstances include:

—No one under 18 may purchase a pistol;

—Young people under 21, if convicted for any misdemeanor other than a traffic offense; or adjudged delinquent;

—Narcotic addicts;

—anyone convicted of a felony under the laws of Illinois or of any other state within the previous five years or confined to a penitentiary within the same period;

—Anyone who has been a patient in a mental institution within the past five years;

—The mentally retarded.

Since a dealer shall not knowingly sell a gun to any such person, he has a moral responsibility to make some reasonable inquiry into the background of any would-be purchaser, the bar group states.

However, when the new gun registration law goes into effect July 1, 1968 the primary responsibility for determining the eligibility of gun-owners will rest with the Department of Public Safety.

The Department will issue a Firearm Owner's Identification Card only to those applicants who do not fit any of the categories of those prohibited by law from acquiring or possessing firearms. Also, no applicant under 21 years old will be issued a permit except with the written consent of a parent or guardian who holds a valid Firearm Owner's ID card. Anyone who buys or carries any firearm or ammunition without having a registration card will be subject to a fine of up to \$1,000, imprisonment for up to one year, or both.

The ISBA stresses that the 72 hour waiting period applies equally to the sale of guns by private owners. Even an antique gun, capable of being fired or of being made serviceable, falls within the terms of this waiting period, and, after July 1, may not be transferred to a person who does not have a Firearm Owner's ID card.

## SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

## DON'T BE AFRAID TO LOVE YOUR BABY

Are you afraid that too much fondling, caressing and holding of your baby will spoil him?

Well, don't be! Parents' love in infancy is almost impossible to overdo—and "underdoing" it can lead to tragic results.

A recent study showed that many babies in the best homes—given the most careful physical attention but little parental love—frequently developed a mysterious condition called "marasmus." They became listless, refused to eat, and—in some instances—died.

On the other hand, infants in the poorest homes, but with loving parents, often overcame the physical handicaps of poverty and became bouncing, healthy babies.

The necessity of parental love, therefore, is more than just sentimentality—it's scientific fact.

Reason: Much of the infant's mental and nervous development is incomplete at birth. The cells are not completely formed, and the blood cells which feed and irrigate these cells are not yet developed.

To help the infant adjust, he still needs to be rocked gently, much as he was in his mother's body. He also needs to be carried about at regular intervals until he is able to move and coordinate his own body.

Parents should realize, however, that they can't "fake" affection and get away with it—the affection must be real.

Manifestations of their love must be greater than just feeding, bathing and attending to all of the perfunctory details of infant care. They must include all of the tender evidence of real feeling—fondling, caressing and singing or speaking to the baby.

While many children don't die physically from lack of affection as children, they DO suffer psychological problems.

So—don't hold back your natural urge to love your baby—it's the best "medicine" available to help him grow into a happy, adjusted adult.

## SOMETHING NEW IN HIGHWAY SIGNS

Breakaway supports for highway signs, a safety measure, may some day be outmoded. The next step may be no supports at all! With holography it is now technically possible to project a sign in midair, without mass. Imaging does not require a surface—projection screen, haze or other atmospheric disturbance—but is generated by light wavefronts, viewed directly. Special viewing equipment is unnecessary.

## Your Congressman Reports—

(Continued from page two)

gal, revealed the tragedy facing most of the Continent of Africa.

Senegal is proclaimed as one of the so-called "developing" nations (the stigma of the description "underdeveloped" was politely dropped a few years ago).

Yet, Senegal, which was self-sufficient formerly—insofar as concerned its agricultural production—must now import food in order to survive. Other African nations are obliged to do likewise.

Modern hygiene which has helped to extend life expectancy—and the continuing practice of polygamy (that is multiple wives per man)—have combined to increase the population of many African nations. But there has been little increase in economic productivity. Educational progress has been disappointing and utilization of modern tools and techniques has for the most part been rejected by the native agrarian worker.

Still, a trend toward urbanization has developed—with most of the migrant population moving from their rural houses of grass and straw to miserable hovels fabricated from cardboard and sheet metal—in overcrowded cities.

A pertinent observation—and one that has been made before by more knowledgeable authorities is this: "Perhaps the developing nations are not going to develop." At any rate, during the last 10 years, the economic gap between the developed and developing nations—has widened.

Foreign aid, with its frequent effect of promoting dependency, has tended to stifle initiative. Some of the developing nations seem only to have developed a pattern of reliance on foreign aid for their very existence. Innovations in approaching the problems of the developing nations of Africa—and elsewhere—are essential, if the developing nations are to develop.

Antioch area residents interested in putting their skills to use in developing nations—around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, June 15, at Fm. 402, 226 W. Jackson Blvd., Chicago.

The Peace Corps uses the Placement Test, which takes about an hour and a half, to determine how an applicant can best be utilized overseas. The test measures general attitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test.

Applications may be obtained from local post offices or from the Peace Corps, Washington, D.C. 20525.

Local arrangements were handled by the Strang Funeral Home, Antioch.

# Antioch Trackmen Do Well In '68 Season

The 1968 Antioch track team finished another highly successful season. Their season record included 7 wins, 3 losses, a second place finish in the Lake County meet and to cap off the season, the track team won the Northwest Suburban Conference Championship.

Sixteen boys received their varsity letters. They are: Bill Nader, Paul Yuska, Russ Barthel, Dan Smith, Fred Koch, Rick Nelson, Jim Bittner, Bill Effinger, Chuck Denman, Don Koenig, Louis Aerne, Bob Biaggi, Jim Olson, John Bjork, Mike Polley, and John Mikosh. The varsity squad also had three additional boys that finished the season and will be strong candidates next year. They are Fred Fettingler, Lynn Barthel and Gary Doolittle.

Dave White and Larry Davis finished the season and added a great deal to the program this year.

At the end of each season the team elects three honors for members of the team. This year the honors go to:

Bill Nader—Most Valuable  
Bill Effinger—Team Captain  
Dan Smith—Most Improved

**Two Records Broken**  
During the course of the season, two varsity records were broken. In the discus, Bill Nader set a new record with a toss of 159' 2", breaking the old record by 5 feet. Bill Nader also qualified for the state meet at Champaign. He was the only boy from the conference to do so.

Chuck Denman, running the two mile, broke the old school record with a time of 10:31, 15 seconds less than the old record. Chuck is only a junior and great things are expected of him next year.

The loss of such great stars as Bill Nader, Russ Barthel, Dan Smith, Bill Effinger, Louis Aerne, John Bjork, Mike Polley and John Mikosh through graduation will hurt, but next year the picture looks real bright. The track team has six returning lettermen and a group of Freshmen and Sophomores that are of great talent.

To the graduating seniors, Coach Andrews says: "Congratulations on a job well done, and thank you for all your time and energy. You should be proud of your accomplishments."

The returning lettermen include Bob Biaggi, Chuck Denman, Fred Koch, Jim Olson, Paul Yuska, and Rick Nelson. Along with these boys will be three other strong candidates: Fred Fettingler, Lynn Barthel and Gary Doolittle.

Up from a highly successful Frosh-Soph team, with a season record of 9 wins, 2 losses and a second place finish in the conference will be such outstanding boys as Bob Truelsen, Terry Triplett, Clarence Archer, Mike Griffin, Bill Calloway, Jim Polley, Mitch Schwanbeck, John Schremser, Bill Hagstrom, Bill Martin, Tom Effinger, Mike O'Neill and Marty Romaine.

"The above mentioned boys will carry on the great tradition of Antioch Track," said Andrews. "The work, desire, drive and success of the members of the track program the last six years shall continue."

The record of Antioch's conference competition during the last six years is outstanding. The varsity team has won 37 meets and lost only 2, also the varsity has won 3 conference titles and placed second 3 times during this six year period. The Frosh-Soph record is 33 wins and 7 losses for the same period.

# what is Coffee Mill Flavor?

It's fresh-ground flavor  
you can't get in a can.

Fresh-ground flavor  
you do get in A&P's whole-bean  
Eight O'Clock, Red Circle and Bokar Coffees.

You see,  
once the coffee bean is ground,  
the flavor begins to fade...  
even when it's vacuum-packed.

That's why, when we at A&P  
buy the finest coffees we can find,  
we bring them to you still in the bean.  
And we custom-grind them  
exactly right for your coffeemaker...  
right in your A&P.

Takes a little extra work,  
but we're happy to do it.  
That way we can be sure you'll enjoy the  
full, fresh taste of  
A&P's Coffee Mill Flavor.

Are A&P Coffees a good reason for shopping A&P?  
They're one of many.

# Wild Night At Wilmot Track

It was a wild night of modified and street stock car racing last Saturday night at the Kenosha County Speedway in Wilmot, as the Interstate Racing Association finally got the 1968 season started following two previous rainouts.

It had rained in the morning at Wilmot causing the track conditioning crew some concern and the track was not up to expected top racing form. By feature race time several deep ruts developed in the upper turn.

Following the time trials, in which Duane Harris set fast time averaging 60 mph, the races were started with the first 10 lap heat race going to Bill Klein of Burlington. The win was not decided however, until a bad accident happened on the 8th lap. Paul Cameron of Round Lake had passed Roger Jacobson of Trevor in the third turn and Jacobson was trying to get back around Cameron. In the middle of the front straightaway the two were running so close that when Paul slowed to get better control of his car, Jacobson went up and over a rear wheel sending his car into a series of end over end flips, ending upside down near the number one turn.

The race was stopped, and the ambulance removed Jacobson to the Burlington Hospital where he was reported in good condition and just shaken up from his wild ride. His car was heavily damaged. Once the race was restarted, Bill Klein had little trouble staying in front of Ron Larson for the win. J. C. Jamerson of Winthrop Harbor was third.

The second heat race had more excitement as Jim Olette spun and was struck by Al Horton. This too brought out the red flag but after an assist from the wreckers, both cars were able to continue. Chuck Acheson wound up the winner ahead of Jim Hedges and Roger Iles.

## McHenry Club Shoot June 9

(by Harry Stern)

The McHenry Sportsmen's Club has scheduled another happy shoot for average and low scoring shot-gunners.

A Butt 'n Chicken Shoot will come off on Sunday, June 9th, starting at 11 a.m. at the club's trap range on the west side of Pistakee Bay. Shooting will be continuous until dark.

Top prize of the day will be gourmet-type home cured JoPat smoked butts, a prized delicacy obtainable only in Antioch.

To make certain that low average shooters carry home an equal number of prizes, contestants will enter the Hi-Lo Shoot, in which the high scoring gunner wins a smoked butt, and the lowest scoring gunner wins a young frying chicken.

Nimrods who like to court lady luck will compete in the White Bird Shoot. Here, a white target is thrown at unknown intervals, and the shooter who knocks it down wins a chicken. If it is missed another is thrown until a lucky contestant bags it. The high scoring blunderbuser wins the smoked butt.

Other contests on the day's card include 5 air of Doubles: double, triple and quintuple White Bird Shoots; Annie Oakley, Black-buster and Protection Shoots. Prizes for winners in these events include JoPat tender-aged steaks, young fryers and shooting components.

Hot refreshments and shells will be served up in the club house all day long.

The McHenry Sportsmen's Club can be reached from the east via Route 134 Big Hollow Road, to its western terminus, then a right turn for one-half mile.

## Sophs Lose Game To Lake Zurich 3-1

The Antioch Sophomore baseball team lost their last game of the season to Lake Zurich 3-1. They ended up with 7 wins and 6 losses in the conference for the year, with an overall season record of 7 wins and 9 losses.

Coach Andrew Hauptman said: "We lost to Wauconda 5-3; but defeated Grant Saturday 5-1, thanks to outstanding pitching performance by Bill Barton and Steve Bentel."

He added: "Getting a first hand look at the freshman team, I'm looking forward to an outstanding season next year. Bill Albano is developing into a fine baseball player and is batting .350 at the present time, and it looks as though he may wear the sophomore batting crown. If Bill improves as much as he did this year, and with the boys returning at the varsity level next year, he is going to give the varsity the added hitting power they need to be a champion club next year."

The third heat race was run from start to finish without mishap. Claude Potter of Genoa City took the win ahead of Harris and Tom Anderson. Otto came back to get the win in the fourth heat.

Klein was nearly a double winner when he led most of the semi-feature but at the end he lost out to Paul Cameron.

Bill Bohn of Kenosha, a heavy favorite of the fans, had trouble with his car but at least got on the track to drive the Torino Ford Pace Car for the 30 lap feature race. Harris who started last, took the lead on the 16th lap and went on to the win. Earlier Jim Olette, Eddie Loomis and Claude Potter had been in the front position. Potter led the race from the fifth thru the 15th lap and then slipped back to third position at the end.

In the street stock car events, a massive four car pile up occurred in the second heat race when John Davis of Racine wound up on the guard rail and the cars of Bud Mechem, Bob Whipple and Jim Crowley crashed one by one into his machine. Following a restart in this event, Jack Aschenbrenner rolled his car over in the number one turn. Tom Teske of West Allis won the feature for the street stock cars. The attendance was a very gratifying 2400 and the purse paid run over \$1,600.

## Grant Bows To Antioch 5-3

	R	H	E
Antioch	5	4	2
Grant	3	4	2

The Sequoits won a close ball game from Grant May 25, thanks to the able pitching of Wilford Wells who was the winning pitcher. Bob Heitman who also pitched a good 4 hit game was the losing pitcher.

Antioch scored three of their 5 runs in the first inning when Pleviak walked, Drije singled and a wild pitch advanced the runners to second and third. Al Comstock drove them in with a single. Comstock went on to second on a fielder's choice and stole third. He scored on a squeeze play when Terry Nickerson bunted. A triple and a wild pitch scored another run for the Sequoits.

In the 6th inning, John Meyer singled, went to second on an error by the third baseman and went to third on a passed ball. He scored on a single by Terry Nickerson.

Grant scored one run in the third, one in the sixth and one run in the seventh inning.

## Sequoits Beat Wauconda 4-0

	R	H	E
Antioch	4	8	1
Wauconda	0	4	4

Karl Jenrich pitched a 4 hit shut-out against Wauconda Friday, May 24 and the Sequoits won 4-0. Drije was the losing pitcher. Jenrich struck out 10 men.

Antioch scored one run in the second on a single and a stolen base by Maier. Jenrich hit a single to drive in the run.

Antioch scored 3 runs in the third inning on a single by John Meyer, a double by Jim Carlson, which scored Meyer. Terry Nickerson singled to score Carlson and Nickerson was forced to second leaving Maier on first on a fielder's choice. With two Wauconda errors to help, Glen Bocox drove in Jim Maier with a single.

The employee's pay envelope, through error, contained a blank check. Gloomily he handed it to his wife and said: "Just as we thought. My deductions have finally caught up with my salary."

# Rifles To Hold Clinics

Boys ranging from grades 5 through 8 as of next fall will have the benefit of getting tips on football techniques from Lake County Rifles. The clinics will be offered instruction and demonstrations on passing, catching, punting and kicking.

Boys already in high school or entering freshmen next fall are not eligible to participate because of rules set down by the Illinois High School Association. Outstanding Rifle players will be on hand at these clinics in Barrington July 20, Lake Forest on July 27, and Fox Lake on July 13 to instruct participants.

Rifle Coach Gene Cichowski said: "The purpose of these clinics is to make available, to young boys interested in football, instruction which will correct and improve their basic football skills. There will be no contact work such as blocking or tackling."

The Rifles also announced that all participating boys will receive a general admission ticket to one of the Rifles' home games at Weiss Field in Waukegan.

The locations of where applications for the clinics can be acquired will be announced at a later date.

## Antioch Bows To R.L. 6-5

	R	H	E
Antioch	6	5	4
Round Lake	5	6	3

Antioch lost a tough game to Round Lake on Tuesday, May 21.

The game was scoreless until Antioch's half of the second inning when the Sequoits scored 4 runs on 3 errors by Round Lake and singles by Pleviak and Terry Nickerson. Runs were scored by Terry Nickerson, Jerry Martin, Tom Nickerson and Dennis Pleviak.

In the 7th inning, Pleviak hit a home run to score Antioch's fifth and final run.

Round Lake scored four runs in the 5th and took the lead in the 7th when they scored two runs. The two errors by Antioch in the 5th, hurt. The Sequoits almost pulled the game out of the fire in the 7th when they had one man on first and one second with two outs—but they couldn't get them in.

Wallwin was the winning pitcher for Round Lake and Wilford Wells was the losing pitcher.

The next safety device to be installed on Los Angeles' Ventura Freeway, according to a district highway engineer, may be cattle guards, metal bars embedded in on-and-off ramps to discourage ridersless horses from galloping into traffic from nearby bridge paths. At least 30 horses were seen on the freeway in the past year, with three killed by passing vehicles.

Harry Stern, Indian Point, fills in William G. Stratton, candidate for governor, on the needs of west Lake County. Stratton promised full action to satisfy those needs, including the Chain O' Lakes and the Waterfowl Refuge. Stratton was campaigning in the northern part of the county yesterday, visiting Zion and Antioch. He toured part of the Chain O' Lakes by boat to get a better picture of the problems and to note the changes on the lakes since he was a boy.

## NEW MUMPS VACCINE

Permanent protection against mumps is just around the corner.

A new live-attenuated mumps vaccine, called the "Jeryl Lynn" Vaccine after its founder, has been found safe and effective in both children and adults and should be available to your physician this year.

Until now, mumps vaccines have been made from killed or inactivated mumps virus—capable of imparting only temporary protection against the disease.

The new vaccine, however, is made up of mumps viruses whose infectious capabilities have been biochemically "slowed down" only a little so that they are capable of producing a stronger—and longer—immunization.

Advent of this new vaccine should come as welcome news, especially to adults.

In children under 10 years of age, the disease is restricted for the most part to painful swelling of salivary glands—called the parotids—plus chills and fever, all of which last from one to three days.

In adolescents and adults, however, the disease is far more serious.

Swelling of the testicles, which can result in permanent sterility, occurs in 25 per cent of all (sexually developed) male patients who contract mumps. In women and sexually developed girls, involvement of the ovaries with the same result—sterility—occurs in up to 10 per cent of cases.

Other complications in adults involve central nervous system damage, malfunction of the pancreas, and—in the female—atrophy of the breasts.

Luckily, discovery of the new mumps vaccine has come in the wake of steadily increasing susceptibility to the disease in adults. Researchers show that in typical suburban populations, due to improved sanitation and isolation from the mumps virus, as many as 30 per cent of adults have never contracted the disease.

Now, through routine inoculation with the new vaccine, moms and dads who never had the mumps won't have to worry if little Johnnie or Mary comes down with the disease.
